Description: 24.25 linear ft. (8 boxes + 5 flat file drawers)

Biographical/Historical Note: Charleston, S.C. judge, historian, and plantation owner. He was the son of John Julius Pringle Smith and Elizabeth Middleton Smith (b. 1822), daughter of Henry Augustus Middleton (1793-1887). His historical writings about South Carolina, drawn from manuscript sources, were published in the South Carolina Historical Magazine from 1900 to 1928 and include a series entitled "The Baronies of South Carolina" (April 1910-Jan. 1917). Henry A.M. (Augustus Middleton) Smith was born in 1853 and died in 1924.

Scope and Content: Papers consist of abstracts of property records and other material, research notes, indexes, transcriptions of documents, maps and plats, and other items. Also included are papers (1819-1871) of William H. Lowndes (d. 1865).

Abstracts include typewritten (on half-sheets) abstracts of articles and notices (1731-1793) in the South Carolina Gazette and the Daily Advertiser mainly concerning shipping in Charleston (S.C.) and North Carolina; abstracts (in 4 bound volumes) of property records in the Charleston County Register of Mesne Conveyance office books A-D, with an index; and abstracts of records of the British Public Records Office. There are notes for a history of Goose Creek (S.C.), with related abstracts, as well as other research notes (some on index cards) and related correspondence, and notes on Smith family genealogy.

A small bound volume contains a consolidated index to information (ca. 1680-ca. 1800) on selected geographical locations and Indian tribes in South Carolina as found in the South Carolina Secretary of State land grant books, Smith's copy of land grant books, Journals of the Grand Council of South Carolina, the Shaftsbury Papers, "Warrants for Land, 1671-1711," the Charleston County R.M.C. Office, and other sources. Other items include a (card) index to maps and plats of South Carolina locations including plantations and baronies; transcriptions of wills, grants, and early Colonial government records; and maps and plats (many oversized) of plantations, baronies, Charles Town, and other locations.

Documents (originals and copies) collected by Smith include a list (copy?) of grantees of Charles Town (1725); a conveyance (1766) of Postell family land; Bulloch (or Bullock) and Wilson family property records and wills; a grant (1784) of land in Ninety-Six District (S.C.) to Thomas Lehre; and letters (1810) to Ralph Izard.

Note: Materials in flat drawers are itemized and keyword searchable.
