## SCHS Visual Materials Discrete Collection, 1850-2016

**Description:** 15.5 linear feet

**Scope and Content:** The Visual Materials Discrete Collection is comprised of items we have received that are not distinctly part of any existing collection. These materials are generally a single folder and are usually lacking enough content and thorough identification to warrant being cataloged as individual collections; however they have enough general content relevant to a multitude of aspects of South Carolina history to warrant preserving for research.

**Preferred Citation:** [Folder #, identification # of item (if available)], SCHS Visual Materials Discrete Collection, 1850 – 2016. The South Carolina Historical Society, Charleston, South Carolina, USA.

**Most Recent Update:** January 12, 2026
